Expanded Demographic Data

Students, note that some employers may be limited in their ability to report demographic data in this section as outlined below. Employers are encouraged to work towards collection and reporting of this data. In addition, please refer to the Diversity & Inclusion section of the CDLE for more information on employers' initiatives.

With respect to any demographic data reported in the chart below, note that the reported percentages are based on respondent participation in voluntary surveys conducted by the specified employer organization and that the results are reported as a percentage of the respondents who answered the question (which may be different than the total number of lawyers at the organization). Only percentages above a certain minimum threshold are reported in accordance with the policies of employer organizations to protect employee privacy. As such, the total of the percentages to some questions may not equal 100%. In addition, some employers may not be able to answer in the manner requested, due to the nature of their data collection, the nature of the consents sought when the information was collected or due to reporting limitations on sample size.

Demographic Data Explanation

Please use this box to provide any additional breakouts, comments, limitations, or definitions regarding your lawyers or categories as needed, such as the scope of the respondent population surveyed (e.g., all lawyers, all lawyers and law students, all employees, etc.) or the differences between your organization's categories and those listed above. If you report in a different manner, you may also share that here (e.g., link to organization website).

We believe that the success of our firm is built on the unique skills, perspectives, experiences, and values of each individual. We are committed to fostering a strong culture of inclusivity and diversity to create an environment that reflects both our clients and the communities in which we work and live.

We believe in giving back to our communities and recognize that our combined efforts can have a truly significant impact. Our staff and lawyers sit on boards, coach sports teams, spearhead fundraising efforts, mentor youth, and volunteer their time with charitable organizations.

We also believe that we have a responsibility to assist disadvantaged and historically underserved people in securing legal services that could otherwise remain out of reach. Our associates and partners donate their time and expertise to pro bono activities on behalf of a wide spectrum of community organizations and programs.

Cassels conducts a biannual Firm Diversity Census to evaluate the representation of firm members by gender identity, sexual orientation, Indigeneity, racial identity, and persons with disabilities. The most recent Firm Diversity Census at Cassels was conducted in June 2023 by Global Learning, a leading external service provider in the diversity, equity, and inclusion space. The Firm Diversity Census data is based on the responses of the firm members who chose to participate in the Census. The overall participation rate for the firm was 83.2%. <https://community.cassels.com/>

Required Application Materials:

Resume, cover letter, post secondary transcripts, law school transcripts, list of upper year courses

Your application has four elements: the cover letter, resume, a copy of all post secondary transcripts and your upper year course list.

Cover Letter: Your cover letter should be clear, concise, accurate and free of grammatical and spelling errors. The tone of your cover letter should provide a bit of insight into who you are. There is no one sort of person we're looking for at Cassels. The most important advice we can give you is to be authentic – give us a little insight into what makes you a unique candidate! And please keep it to one page.

Resume: Your resume should be structured as a series of headings and point-form (or bulleted) content and may be up to two pages in length. In addition to your educational qualifications and work experience, your resume should also indicate what you do in your spare time (your interests, extracurriculars, hobbies, etc.)

Throughout your cover letter and resume you should emphasize how your experiences connect with our competencies.

Transcript: You should submit copies of your official transcripts. We understand that often when you copy the official version, a safety feature will read "VOID" or "COPY" across the page. Don't worry about this; please just ensure that your grades are legible.

Course List: Your intended upper year course list should be submitted in a bulleted list, organized by year (i.e. second year courses and third year course). This list should represent your honest intentions. We understand you do not have control over what courses are offered from year to year and you may not be able to take all the courses listed.
